

to open the gates, and installed Hamid. Hamid Ben Turwai is a son of the deceased brother of the late sultan, and was heir to the throne according to Mohammedan law as recognized in Zambur, and the efforts of Khalid to seize the throne, therefore, was an attempt at usurpation. General Mathews remains president of the council under Hamid, the same place he held under the late sultan. All figures has been maintained without a break through the prompt and vigorous action of the British.

AMUSEMENTS.

THE BOSTONIANS.

The Bostonians had a royal welcome at the theatre last evening. The opera and company never seemed more interesting to the magnificent audience that had assembled to greet this favorite company. DeKoven and Smith have established themselves as the most popular of composers and librettists. No more successful work has been heard in our theatre for the past decade, if ever. The Garden theatre in New York city, it is said, has been packed five consecutive months of the past year with admirers of this superb organization, that give a most perfect rendition of their ever beautiful "Robin Hood."

The artists have never appeared to better advantage in our city and each of the favorites received a most cordial welcome from their auditors. The artist managers, Barnabee, Earl & MacDonald, should first receive the praise due for the artistic performance. They have given "Robin Hood" new and exquisite costumes and beautiful settings, and have spared no expense in giving a first-class presentation. What can be better in the realm of comedy than the refined performance of Mr. Barnabee as the sheriff of Nottingham? It is a rare pleasure to see this gifted comedian and watch his methods, which little the comedians of our theatre can equal. His legitimate place, without making it any the less laughable, Tom Karl, always a favorite tenor, was splendidly received. Mr. H. MacDonald completed this remarkable trip, and was greatly admired on account of his most artistic work, both from a musical and dramatic standpoint, possessing a noble voice and splendid command, which make itself felt in the finest ensemble work this company does.

Camille D'Arville is a wonderfully gifted artist, and makes the "Robin Hood" a most pleasing creation. Her voice is truly a charming one, being an excellent dramatic soprano of wonderful compass and timbre, and admirably well trained. Jesse Bartlett Davis is always a great favorite here, a superb contralto with every gift of voice and person to make the distinct success she does in her roles. She will appear positively at all the Bostonians' performances, and at the farewell performance, Wednesday, will sing her exquisite solo, "O Promise Me." Eugene Cowie, the splendid tenor, whose voice equities him to be, was, as always, a favorite. George Frothingham added the bit of comedy that always makes his role interesting. Peter Lang was as successful as of old with the "Guy of Gisborne." Josephine Bartlett gave the "Dame Durden" a quaint touch that makes the role exceedingly funny. Bertha Waltinger, a new comers, is, in possession of a beautiful voice and good dramatic gifts.

Theatre parties were in abundance, and will be daily chronicled in the Sunday's society column of the HERALD.

"THE KNICKERBOCKERS" TO-NIGHT.

"The Knickerbockers" is in fact to the full strength of the company. Mr. Edwin W. Hoff, whose sympathetic tenor is heard to the greatest advantage in the tenor role, and the music of the opera will be found just as beautiful as "Robin Hood" and New York in the old Dutch days will be found most interesting.

LITERARY AND MUSICAL.

The Scandinavians Enjoy Themselves at Social Hall.

The Scandinavian Democratic society met last night in Social hall, the house being crowded. President C. M. Nielsen presided, and H. Erickson acted as secretary.

Editor O. J. Anderson addressed the society upon the history of Scandinavian statesmen, and urged upon all to become good and loyal American citizens.
Mr. John Saks sang a beautiful ballad solo which received great applause. Mr. Redelina gave a very interesting recitation. Miss Lillian Givins rendered an excellent recitation and was recalled. Miss Lillian Givins recited a temperance piece. A musical selection by Prof. Von Bon was excellent, and Mr. John S. Jensen, who is the oldest Democrat of the society, made a good speech. The choir sang "America" and the society adjourned until next Monday.
At the Scandinavian banquet Saturday night, a most pleasurable portion of the affair was the instrumental and vocal music. Those who were near enough to hear plainly were delighted with the singing of Miss Emma Jorgensen and the whistling of Mr. W. C. Croley. They each gave a solo, which were encored, and they responded with a duet, "The Mocking Bird." Miss Jorgensen singing and whistling. It was very appreciated and warmly received. Probably the most clever musical number was the violin solo of N. Burghel. He has the touch of a true artist.
The Norden band was out in full force and uniform, playing several selections, much to the edification of the banqueters. In conjunction with the Norden Guards, a military band composed entirely of Scandinavians, they formed a very pleasing march and the company performing the manual of arms in a soldier-like fashion.

G. A. R. Seible.

The George R. Maxwell post, G. A. R., gave a delightful soiree at the hall on Second South street, last evening. Vocal and instrumental music, recitations, dancing and a supper made up the evening's programme.

PRESS CLUB ELECTION.

A Series of Entertainments Proposed—The New Officers.

So much of success attended the Press club ball, the entertainment being so determined, the members to inaugurate a series of entertainments in the near future, which will equal in interest if not in brilliancy the preceding ball. Grant H. Smith has been selected as chairman of the entertainment committee, and the success attending his management of the ball at the carnival and participation in other committees, will attend him in this new series of entertainments.
At the regular meeting of the club, Sunday, the board of managers was instructed to seek more suitable quarters, the present location having become too small for the needs of the club.
Reports were made by retiring President Evans and Treasurer Lippman, showing the finances to be in a remarkably good condition for so young an organization. The following officers were elected for the ensuing year:
President—James B. Bloor.
Vice-President—J. E. Hansen.
Recording Secretary—J. H. Watta.
Corresponding Secretary—Will Snyder.
Treasurer—Joseph Lippman.
Board of Managers—H. C. Brownlee of the HERALD, Glen Miller of the TRIBUNE, J. B. Letcher and W. G. Willis.

CATARH OF THE HEAD, THROAT AND STOMACH.

Two Years a Sufferer—A Case That Shows How Catarrh Travels If Let Run Its Course—If It Doesn't Extend Into the Lungs It Is Certain to Grasp the Stomach.

"My life has been made miserable for the last two years by catarrh," said Mr. Brock to the reporter. "It affected me so bad that at times I was unable to work."

HYRIM BROCK, 121 W. N. TEMPLE S.

"It began in my head; I next felt it in my throat, and then in my stomach. My head ached over the eyes and back part of my head. My eyes felt heavy all the time, and ached continually. Lumps formed in my throat almost closing.
"My stomach pained me, my appetite was very poor, I had no desire to eat at all, and when I would eat anything my stomach would boil and fill with gas, causing me to 'belch' and at times nausea. When I would 'belch' it would come out with a great deal of force, and I was very disagreeable.
"My sleep was broken. I was troubled with dreams, and when I got up in the morning I felt more tired than when I went to bed. In fact I felt miserable as any one could and survive. I tried several remedies recommended for such troubles, but they did not render me any relief.
"I noticed a case similar to mine that Dr. Mansfield and Dr. De Monco had cured, so I applied at once to them for treatment. I am pleased to say that they have relieved me from the start until now I feel well, and as able to work as I ever was. The headaches have left me. I eat well, sleep sound, and get up refreshed. I recommend Dr. Mansfield and Dr. De Monco highly, and will be glad to verify this statement to any one."
"Don't allow your catarrh to run on until it extends into the stomach, when it only costs \$5 a month to get it cured."

Housebuilding Is An Art.

That has been practiced among men for a considerable time, and one which we should think might fairly be expected to have reached a reasonable degree of perfection. And so it has. Yet who is there that has not known of houses which have taken fire from "defective flues"? This leads us to emphasize again the importance to you of the good mason who is a so the honest man. We are not altogether disinterested in this. Good chimneys, good flues and stove men, are good friends. We wish you, in your interest as well as our own, to have a Jewel Range and although the Jewel Range is superior to other ranges, it is not superior to physical laws, and needs to be he ped by a good draught, such as is secured only by a properly built chimney. Therefore, we say, make sure of the good mason!

And also, make sure of the Jewel Range. It will last you longer and serve you better than any other range that is made. As years go by it will cost you least for repairs. It ought to be in every house in Salt Lake—in Utah—in this whole country. Wherever there is a house without it, that house would be better with it. Ranges have been greatly improved of late years, and the Jewel Range is the result of the advances that have been made.

Newspapers and other printed matter per two ounces..... 1

That the working class, particularly those of foreign birth, are not aware of the laws governing the mailing of their parcels, and that they are not prepared to pay the full cost of the same, the undersigned, in order to be of service to the community, has prepared a list of the countries to which parcels may be sent through the mails, unless prepaid at 5 cents per one-half ounce or fraction thereof, to countries outside of Canada and Mexico, is particularly noticeable.

Pairs of articles, two or more articles of equal counterpane, handkerchiefs, scarves, neckties, articles of wearing apparel, perfect, whole and complete in themselves, whether sent in boxes or in parcels, or as a gift, can not be considered in any sense as samples, and can not be sent through the mails to foreign countries, unless prepaid at 5 cents per half ounce or fraction.

Christmas and New Year's cards and photographs with designs, or articles bearing Christmas or New Year's greetings, and elaborate in their design as to have an intrinsic value outside of the sentiment attached to them, such as satin pin cushions, celluloid calendars, plaques, greetings in frames, cannot be sent through the mails to countries other than Canada and Mexico outside of the United States, unless prepaid at 5 cents per half ounce or fraction.

Wrapping—The use of a poor quality of wrapping paper for sending packages through the mails to foreign countries, so as to be avoided. Packages should be wrapped in strong wrapping paper and tied with strong twine. It is not necessary to leave any part of the package exposed. It should be so wrapped that it can be untied and examined without breaking a cord.

The address should be written plainly and legibly upon the package with ink. The name and address label should not be used, as they frequently become torn and detached from the packages.

The sender's name and address should always appear on every article sent through the mails, preceded by the word "from." If the above rules were observed few packages would go astray in the mails.

Packages of merchandise having a taxable value, whether sent as presents or not, can not be sent through the mails to foreign countries except Canada and Mexico. Articles of any kind otherwise mailable, which contain any writing, and are not paid in full at the letter rate of postage, can not be sent through the mails to foreign countries other than Canada and Mexico.

Articles of jewelry and coins can not be sent through the mails to foreign countries. Sealed packages (not letters), addressed to Canada and Mexico, can not be sent through the mails. Photographs, pictures and printed matter can not be closed against inspection, and sent at the cheaper rate of postage to foreign countries.
